You can use almost any kind of picture, including pics from Etsy, Facebook, etc.)

WHAT SPACE DO YOU NEED?

Sagefen Maker Fest is a fun crafty fest that leans towards the nerdy side of crafting and making. Not only are Merchants encouraged to create booths and displays that fit into this environment, but many factors, (such as your wares, decor, special needs, the number of years vending at SFMF and your history with the event) are all considerations in placement.

***Pricing is listed later; here is where we just make sure that we know what you want.** Is your booth one that is best set up with a wall behind you, in a corner, or in the center with no walls around you? Or maybe you would rather rent space in one of the hotel rooms to vend out of and keep your own hours?*

Please select from the following the best description of your booth:*

- Simple tables covered in cloth for display.
- Tables with standing grids/shelves to hang art and other wares
- Standing walls to hang and display various large pieces of art
- Combination/Other (Please describe) _____

- Is there a website where we can see your booth set up? * Yes No
 - If YES, Please list the website here: _____
- Are there space requirements that need to be considered to accommodate the decor of your vendor space? Yes No
 - If YES, please describe here:
